

Sensing Solutions since 1959

# PC-CW2 Series Technical Data Sheet

## Cage Weight for Pressure Level Sensors

PC-CW2

### Applications

- Protective, weighted accessory for 1" diameter pressure sensors in fluids with a high percent of sludge, debris or viscosity
- 316SS is frequently used where superior corrosion resistance is required

### Custom Solutions

At times, OEMs, end users or military specifiers require a customized solution or sample product to test. Madison Company can design, manufacture and ship a custom switch or sensor in just six business days. Simply communicate the quantity and requirements to our technical sales staff. We will quote the product to establish budget and ROI. Following the quote approval, Madison engineers will design the switch or sensor that satisfies the application specifications, and provide proof of concept. Upon approval, we will build and ship the product or sample.
